

Loans are manually underwritten by a mortgage professional. Quorum's underwriters review each loan to assess risk and streamline the approval process. Quorum follows Fannie Mae underwriting guidelines as it related to income, asset and collateral verification; however, Quorum's underwriting guidelines are not the only criteria for a final credit decision. Layering risk factors and compensating factors may be considered for loans that fall outside the product features and guidelines. For any additional requirements not addressed in this product matrix, refer to FNMA Selling Guide for details.

Contact your Account Executive if you have any questions regarding our guidelines or a scenario.
