

5% down. 100% easy.

The house of your dreams may be closer than you think. I can help.

Small down payments used to be a big problem. Not anymore.

I can help you buy the house you want without having to tie up so much cash for a down payment.

If you don't have the cash or don't want to tie up your funds, a hassle-free Home Equity Line of Credit from Quorum Federal Credit Union can help you maximize your borrowing power. This offers you a flexible way to move in now—without the hassles of PMI, government loans or long-term debt.

Many homes you thought were out of your range are suddenly within reach when you put as little as 5% down for up to 95% Combined Loan-to-Value.

As a Quorum partner, I can make things happen.
